March 16, 2020

Dear Parents and Community Members:

On Sunday, Governor Kim Reynolds [announced a recommendation](#) that all schools in the state of Iowa close for a period of four weeks to help prevent the spread of coronavirus (COVID-19).

The Pella Community School District will adhere to this recommendation. All district schools will not have class in buildings starting March 23rd for an additional three weeks after spring break.

The closure affects all Pella Schools programming, including before and after school activities, all athletic and extracurricular practices and competitions, and all weekend events.

The district is currently working on plans to help provide online and alternative learning experiences for students and takeout meals available for pickup. More information will be provided this week as plans are developed.

Greg Ebeling  
Superintendent
